- 3 reams of color copy paper

Welcome!!! This year is going to be very exciting for you. First let me start by saying I can't wait to meet you! This year in reading you are going to learn how to be the best reader and writer you can be. In math you will also learn about numbers and begin adding and subtracting. In science you will start to study and learn about plants, animals, and the solar system. This year will also be filled with exciting field trips such as a trip to Green Cay, the zoo, and other exciting places. I hope you enjoy your summer and I am looking forward to meeting you in August :)

Mrs. Prazak

A little bit of information about me :)

I have been a teacher for 10 years now. I worked in the district before coming to JFK and held many positions. I was a third grade classroom teacher, an ELL teacher, and a reading coach. I hold a Master's Degree in Reading instruction. I am married and have a beautiful 4 year old named Rylee, who you will hear lots of stories about :) I feel very honored that I get the opportunity to be the person who gets to teach your child about reading and help to create a love for books. I am very eager to meet my new Kindergarten class in August.
